### **Association of Test Publishers Launches New Online Job Service**

WASHINGTON, DC — MAY 2, 2006 — The Association of Test Publishers (ATP) announces the launch of its interactive job board, the ATP Career Center, located at [www.testpublishers.org](http://www.testpublishers.org).

With its focus on test publishing, the ATP Career Center offers its members—and the industry at large—an easy-to-use and highly targeted resource for online employment connections.

Both members and non-members can use ATP Career Center to reach qualified candidates. Employers can post jobs online, search for qualified candidates based on specific job criteria, and create an online resume agent to email qualified candidates daily. They also benefit from online reporting that provides job activity statistics.

For job seekers, ATP Career Center is a free service that provides access to employers and jobs in the field of test publishing. In addition to posting their resumes, job seekers can browse and view available jobs based on their criteria and save those jobs for later review if they choose. Job seekers can also create a search agent to provide email notifications of jobs that match their criteria.

### **About ATP**

Established in 1992, ATP is a non-profit, member-run organization that represents providers of tests and assessment tools and/or services related to assessment, selection, screening, certification, licensing, educational or clinical uses.
