

When you join Europe ATP you are part of an international network of members committed to advancing the integrity of assessment services and products and their value to a global society.

About Europe ATP...

Europe ATP (E-ATP) is a Division of the Association of Test Publishers that brings together European test publishers and related organisations for the purposes of networking, sharing innovative ideas, and creating both educational and marketing opportunities related to testing and assessment.

About ATP...

Established in 1992, The Association of Test Publishers (ATP) is an international, non-profit, trade organisation representing providers of tests and assessment tools and/or services related to assessment, selection, screening, certification, licensing, educational or clinical uses.

About our structure...

ATP's corporate membership is composed of the leading publishers and assessment services providers in today's testing industry. A Chief Executive Officer and Board of Directors heads up the Association. A Chair/President is selected each year from among the Board members and serves a one-year term of offices. Members can join one or more Divisions.

About our mission...

- To unite European test publishers and related professional organisations together into a permanent organisation to foster and maintain collegial relations among themselves, and to enable them to work with other professional and business organisations that have an interest in testing and its uses.
- To inform and educate the public, governments and businesses about the test publishing industry and the science that supports it.
- To promote and preserve positive public perceptions about testing and assessment and advance the image of testing as beneficial for society.
- To support the professionalism of all those who are involved in the activity of testing by encouraging education, training, and exchanges of best practices.

Why Join E-ATP?

There are a number of benefits to membership in ATP and its European Division, E-ATP...

...Networking Meet your colleagues and leaders in the international test publishing and assessment services community at the annual conferences and division meetings. Join international divisions representing special interest areas of testing for Clinical, Education, Industrial/Organisational or Certification/Licensure.

...New Ideas Attend conferences and meetings where you will see and hear new ideas stemming from innovative field research and new product developments.

...Opportunity Become involved in Association activities that will help you gain new insights and develop new business leads for your company.

...Advocacy ATP members have a collective voice in the international test publishing community and advocate for best practices.

...Information ATP members receive the *Test Publisher* industry newsletter, *ATP Updates* and have access to the on-line Journal of *Applied Testing Technology* ("JATT"), providing news on trends and issues in the testing and assessment services industry.

...Advertising ATP members have a listing on the ATP web site with links directly to their organisation's web site. And they receive discounts on job listings in the ATP Career Center.

...Protection ATP has an active Security Committee which vigorously defends the intellectual property rights of test publishers worldwide.

About Membership Categories....

REGULAR MEMBERSHIP

All "Test Publishers" are eligible for Regular Membership. The term "Test Publisher" applies to any individual, company or organisation that develops, validates, markets, sells, scores, interprets and/or provides tests and/or assessment tools with psychometric properties or services related to assessment for clinical, occupational, certification, licensure, or educational uses.

All test publishers must have at least one professional, qualified in testing and assessment, on staff or under contract, who holds at least a doctorate in psychology or measurement, or substantially equivalent experience and/or expertise deemed satisfactory in the judgment of the Board of Directors.

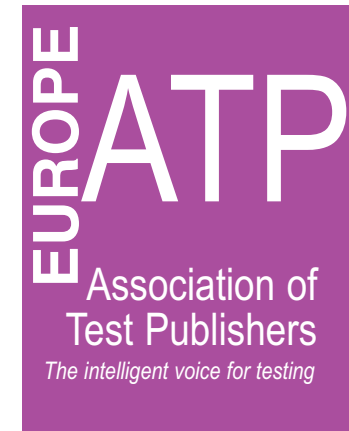

Regular Member have access to all areas of the ATP website. They receive group discounts on conference sponsorship and registrations. Regular Members have voting privileges and may serve on the Board or committees.

ASSOCIATE MEMBERSHIP

Associate Members are any individual, company or organisation that is not a test publisher as defined under Regular Membership and that sells to or buys from the test publishing industry. Associate Members have access to all areas of the ATP website. They receive group discounts on conference sponsorship and registrations. Associate Members may be active in committees, but do not vote or hold office.

SUBSCRIBER

ATP subscribers receive individual discounts on ATP publications and conference registrations. They have access to most areas of the ATP website. They may be active in committees, but they do not vote or hold office.
