

ABOUT US...

Established in 1992, ATP is an International nonprofit organization representing providers of tests and assessment tools and/or services related to clinical, occupational, certification, licensure, educational or other similar uses.

Our Mission...

- To promote and preserve the general welfare of testing and its value to society, in all its forms and uses.
- To organize test publishers into a permanent body to foster and maintain collegial relations among themselves and to establish, through the Association, working relationships with other professional and business groups whose interests and activities affect the test publishing community.
- To encourage a high level of professionalism and business ethics throughout the testing community.
- To serve as the principal organization that monitors and responds to regulatory and legal rulings as well as legislative, regulatory and judicial initiatives that pertain to the business of publishing and applying test and assessment instruments.
- To increase the strength and cohesiveness of the test publisher community by providing programs of education, training, and exchanges of ideas on operations and industry trends.

When you join ATP, you are part of an international network of members committed to advancing the integrity of assessment services and products and their value to a global society.

Sometimes it's not all in what you get, but also in what you give.

Your support of ATP allows the organization to continue to provide high-level educational and networking events; to continue to advocate for policies and regulations that allow testing and assessment organizations to flourish; to continue to be a collective voice for the test publishing/assessment services industry in the media/ government/industry/ education/ healthcare and the public; and continue to be both a watchdog and a touchstone for those who participate in, and rely on, the assessment industry.

Advancing equity, integrity, and learning

601 Pennsylvania Avenue, N.W., Suite 900, Washington D.C. 20004 • Questions ? Call +1.717.755.9747

Membership Categories

***Regular Members** have at least one professional, qualified in testing and assessment, on staff or under contract, who holds a doctorate level degree related to measurement or substantial experience or expertise deemed equivalent by the ATP Board of Directors. Regular members can vote and hold office at the Board level.

***Associate Members** do not meet the qualifications of Regular members, or they sell to or buy from, the testing and assessment industry. Associate members do not vote or hold office at the Board level. [*Regular and Associate are **organizational** memberships -- all member benefits, such as conference discounts, are extended to their staff members.]

Individual Subscribers are individual members who receive all the same benefits as Regular and Associate Members, but they do not vote or hold office at the Board level. Their member benefits do not extend to their staff.

Member Benefits

- **Discounts** on registrations for conferences, webinars and summits, as well as career listings and publications.
- **ATP Member branding** A free listing on the ATP website for your organization, and the added benefit of being able to list ATP membership in RFPs, or other proposal documents.
- **Leadership opportunities** that can provide professional growth and high-quality educational experiences for you as a professional, as well as for your staff.
- **Networking opportunities** at the highest levels of the test publishing industry that help you enrich your contacts, enhance your career as a professional, and enhance the profile of your organization.
- **Protection** ATP provides important Guidelines and Best Practices for your industry, and keeps you up-to-date on legal and legislative alerts that can impact your business.
- **Be part of a community** that gets you outside of your own niche in testing and assessment, and allows you to engage with “parallel” niches that may provide you with a new way of looking at challenges, issues, and solutions.
